

STUDENT INSTRUCTION / AI FOR TRUSTWORTHY ZERO- TOUCH SYSTEMS

WATCH THE VIDEO

Watch the video. Think of the questions and write down some key words. Bring your key words to the discussion in class.

DISCUSSION

Discuss the questions below.

- In what way can AI be important in the future?
- Do you see any risks connected to the use of AI? Do you agree with the persons in the video when it comes to potentials and risks?
- Do you see any risks if this technology would not be accessible to everyone?
- Who is behind the material? Are they generally positive or critical to the technology? Do you think that they convey a realistic image or do they exaggerate/understate the opportunities and/or risks? If so, why do you think that is?
- Write down something you find extra interesting/intimidating/inspiring about this technology, to be discussed in class.

PRESENTATION

Present your group's results. Bring your individual notes as support.
